THE DREAM TEAM 4

We don't just like to show pictures of naked ladies, we like to talk to them as well and find out what makes them tick. This is the section where our girls reveal a bit about themselves, and no, they don't go on about 'saving the trees' or 'working with animals'. Well, rarely…

GO FUCK YOURSELF! 24

Bored of watching porn films and thinking to yourself, "I want to be the one doing the fucking"? Well your chance of making – and starring in! – your own skin flick could be just around the corner!

EXTREME SPORTS 34

We've always fancied having a go in an expensive powerboat, tearing about on the sea going as fast as possible, but we don't have the money. So what's the alternative? Er, this is!

PULLING IT OFF… 42

Bored of spending every weekend getting bloated and broke down the boozer, and then failing to cop off? Yeah, so are we! And that's why we decided to do something like this instead…

MAYFAIR MALE 16

It's positively arousing when a complete stranger tells you about a sex session they were involved in, where there were fannies, tits and pints of jizz everywhere. So let's open the letters, shall we?

SCENE FROM MAYFAIR 52

There's a ton of junk in this world, most of which you don't need to spend more than a second of your life thinking about. We sort the wheat from the chaff by sticking a fork into the belly of news. Come join us, and don't forget your napkin!

CELEBRITY SIZZLERS 60

Wahey! It's our very own Nob Oscars where we celebrate all the fit actresses that have taken their togs off on celluloid. Oh, and because the plot justified it of course. Yeah right – get them off!

QUEST 88

Women are brilliant. Not only can they make men have erections by taking their clothes off, they only have to say a few words sometimes to make you as hard as a brick. Especially if those words are, "Come on my tits, please!" Sound filthy? That's Quest for ya…

We didn't get to have a close conversation with Martine, as when we dropped by to interview her she was busy on another shoot. Rumour has it she is getting many offers for glam modelling work and, judging by her *Mayfair* debut here, it's not hard to see why. Hailing from South London, this feisty brunette has a great figure and piercing blue eyes, enough to make any man pay attention. Before stepping in front of our cameras, Martine worked as a bank clerk which she first described to us as, "An utterly boring waste of time." Things have certainly gotten racier for her since, and if she continues to pose shoots as hot as this one we'll be showing more and more of her. If demand is high enough, she may even become our regular girl.

Linda is just one of the incredible sexy stars in our official *Mayfair* video, a movie which is becoming so popular we've already had to duplicate another few thousand copies just to meet the demand! This photo set was shot in the same location as her stunning video adventure – on a glorious beach in the totally tropical Seychelles. We asked Linda what the filming was like. "It is a beautiful part of the world and I was working with very beautiful people. You can't complain when you're getting a suntan and having sex at the same time." While we pride ourselves on featuring the hottest British babe talent, our eyes are often attracted to many lush women all over the world. We recently had the very good fortune of meeting two of the sauciest models to venture over from the U.S, a randy pair called Pat and Andrea. We asked these two newcomers what they thought of British men. "Guys seem a lot thinner than the men back in the States. There's a lot of fat guys in America. It's nice to see you're not all lard asses over here." We asked Pat if either of them had pulled yet? "We haven't had the chance to score with anybody just yet, it's been all work so far, but we intend to relax soon. You'd better watch out!"
And if this set is anything to go by, then we'll certainly be watching!

There are some girls who go into the modelling business purely with money on their minds, hoping to make it big and rake in the dough. Then there are others who do it solely because they love sex and like to show off their bodies. Rita is the later, a self-confessed 'sex-a-holic' who readily admits to adoring showing herself off in magazines like ours, getting off on the knowledge that lots of male readers will be ogling her pictures. Strange behaviour? "I guess I'm just highly sexed," Rita told us. "I know I go on about sex a bit too much, my friends have told me so, but what can I do? To put it bluntly, I have a hole that needs filling regularly. Get the picture?" Yes, yes we do.

We have been featuring Veronica for nearly three years now, and her popularity seems to only increase, and her legion of fans could be multiplied when her official video is released. Yes, you read right, a video of gorgeous Vron is currently in the making and is destined to be an all-time classic revealing her like never before. "I'm going to really set pulses racing," Brit told us after her very first *Mayfair* shoot, "and I won't be happy unless every reader feels happy." That could take some doing. We received a letter recently stating that we didn't print enough pictures of girls wearing stockings and suspenders. As we aim to please, gorgeous Daisy here is clad in those very cheeky garments in what can only be described as set 'worth whacking off to.' We asked Daisy if she wears stockings often. "I can't say I wear them everyday" she explained, "but when I go out I do like to put them on. Stockings and suspenders are very sexy, and there's no better treat to give a man than a flash of your stocking tops. They always please." So what else does she do in order to 'treat' men? LIZZIE LOVER?

I thought Liz was pretty sexy in her first two sets with Jackie and Veronica, but I hadn't seen anything until now! Her solo set in Volume 35 Number 4 is simply the sexiest thing I have seen in ages, a true classic *Mayfair* shoot. Liz looks so damn hot in every single picture and, at the risk of being crude, she makes my cock incredibly stiff. Let's see more – much more.

Dave, Wigan

Apparently Liz might be back in *Mayfair* in the near future. In fact, if she isn't, I will see red. And that usually means I'll end up goring a man to death!

Hello, readers! I'm Greg the bull and this month I'll be answering your letters. Why, I'm not entirely sure, but believe me it sure beats standing around in a field all day eating grass that your mates have already shit on. So, let's open this month's 'horny' letters. Moo!

GIVE ME HEAD

Please can you publish a page full of celebrities, just their heads and shoulders? This way I can cut them out and stick them on the bodies of the girls in your magazine. Unless, of course, you can persuade some of these celebrities to pose naked with their legs around their necks, showing their cunts and arseholes.

Barry, Bristol

What do you think *Mayfair* is, a fucking activity book? Think of the mess you'd make of the mag, not to mention your trousers. As for asking celebrities to show their cunts and arseholes, Barry, you get more manners down my local abattoir. Anyway, most of the celeb's I've met have *been* cunts or arseholes…

IN THE BEGINNING…

I want to tell you about one of my first sex experiences. I had never had a cock up me before I met Ian, my boyfriend, and one day when we were alone in his bedroom it happened. We were kissing on the bed, and I felt his cock harden through his jeans as I pressed my pussy against it. I sat back up straight and Ian's hands came up to my waist. I could see his eyes were transfixed on my blouse, so I said, "Would you like a closer look?"

A silly expression came over his face and his hands untucked my shirt from my skirt. I undid the buttons and pulled the shirt apart to reveal my boobs. Ian fumbled with the clasp and eventually got my bra undone, letting my tits swing free. Ian reached up and softly touched them with both hands, flicking my nipples with his thumbs. Ian pulled me closer and placed his mouth around my left nipple, tweaking the other with his fingers. I could feel the bulge in his trousers getting harder.

Next his hands moved from my boobs to my bum and I felt myself get wet between the legs. Then Ian's fingers went up my skirt and were slipping in the sides of my knickers, exploring the softness of my bum. I wanted Ian to feel my pussy so badly that I blatantly raised my bum up so he could move his hands under me. Instead, he rolled me onto my back on the bed beside him. Then he stood up and took off his clothes while I took of my skirt and knickers so we were both completely nude.

Ian was huge, his cock was long and fat and his balls were tight. I couldn't imagine how any girl could get such a huge thing to fit into such a small hole as mine. He reached down to caress my hips and thighs, looking intently at my puffy pussy lips and neatly trimmed muff. He stroked my legs slowly then took hold of my ankles and gently pulled my legs apart, lifting them up and pushing them back until I was wide open.

I reached up and grabbed the headboard with both hands and let out a huge sigh as Ian kissed all around my little pussy. He stuck out his tongue and dipped it right in my hole. I moaned and squirmed. This was like nothing I had ever felt before. The wet solidness of Ian's tongue going in my pussy and tickling my clit was pure heaven. I felt an orgasm begin to build and I finally came, little trickles of juices running out of my cunt and into his mouth. I moaned and bucked uncontrollably as this happened, and my clit was poking right out as I was so excited.

I looked down and saw Ian's cock was straining, so I encouraged him to lie on top of me, feeling the tip of his cock against my pussy. Then, ever so

GET YOUR HAIR DONE

How about a photoset with Vron totally shaved? Us lovers of bald cunts want to see your most gorgeous model without hair on the body. Saludos para todos!

A Spanish subscriber

There are a lot of people who like to see hair shaved. Apart from me when I get my hair shaved that is, as it's usually a sign I'm about to be branded with hot metal.

DIAL 'M' FOR... FUCK'S SAKE!

I felt I had to drop you a line following the appearance of Emily in Volume 35 Number 2. You always feature gorgeous girls, but this time you've surpassed yourselves. She is stunningly beautiful, sexy with it, has a superbly proportioned body and legs to die for. Please can we see more of her?

B, Essex

I tried to get in contact with saucy Emily and ask her if she'd like to do another photo session, but the problem is I'm a bull and thus have difficulty using a phone. Instead of dialling her number, my hairy hoof just clattered over the plastic buttons. Sorry, B!

slowly, he eased it gently inside. I was so wet and open he just slipped in. I could feel my hole wrapping around his cock as he put it deeper and deeper in me. Ian slowly pulled his cock halfway out again, and I whimpered as my clit was stimulated by the shaft. In he went again, fucking me with slow, deep thrusts. I was trying to squeeze and relax on every thrust and withdrawal, and soon felt myself coming again. I held my pussy open so Ian could pump me as deep as possible but couldn't fight off an intense orgasm that rippled through me.

I was amazed that Ian hadn't come yet, but also pleased as it allowed us to keep on fucking. I got on my hands and knees so he could fuck me from behind. This was pure bliss and we banged away for what seemed like eternity. We went through all the positions and my pussy was almost streaming love juices by the end of it. Our final fuck ended with Ian moaning loudly, and I felt his spurts of come jet inside my cunt. Half an hour later we were dressed, lying exhausted on the bed. Ian's dad popped his head around the door and said, "Smells a bit funny in here.

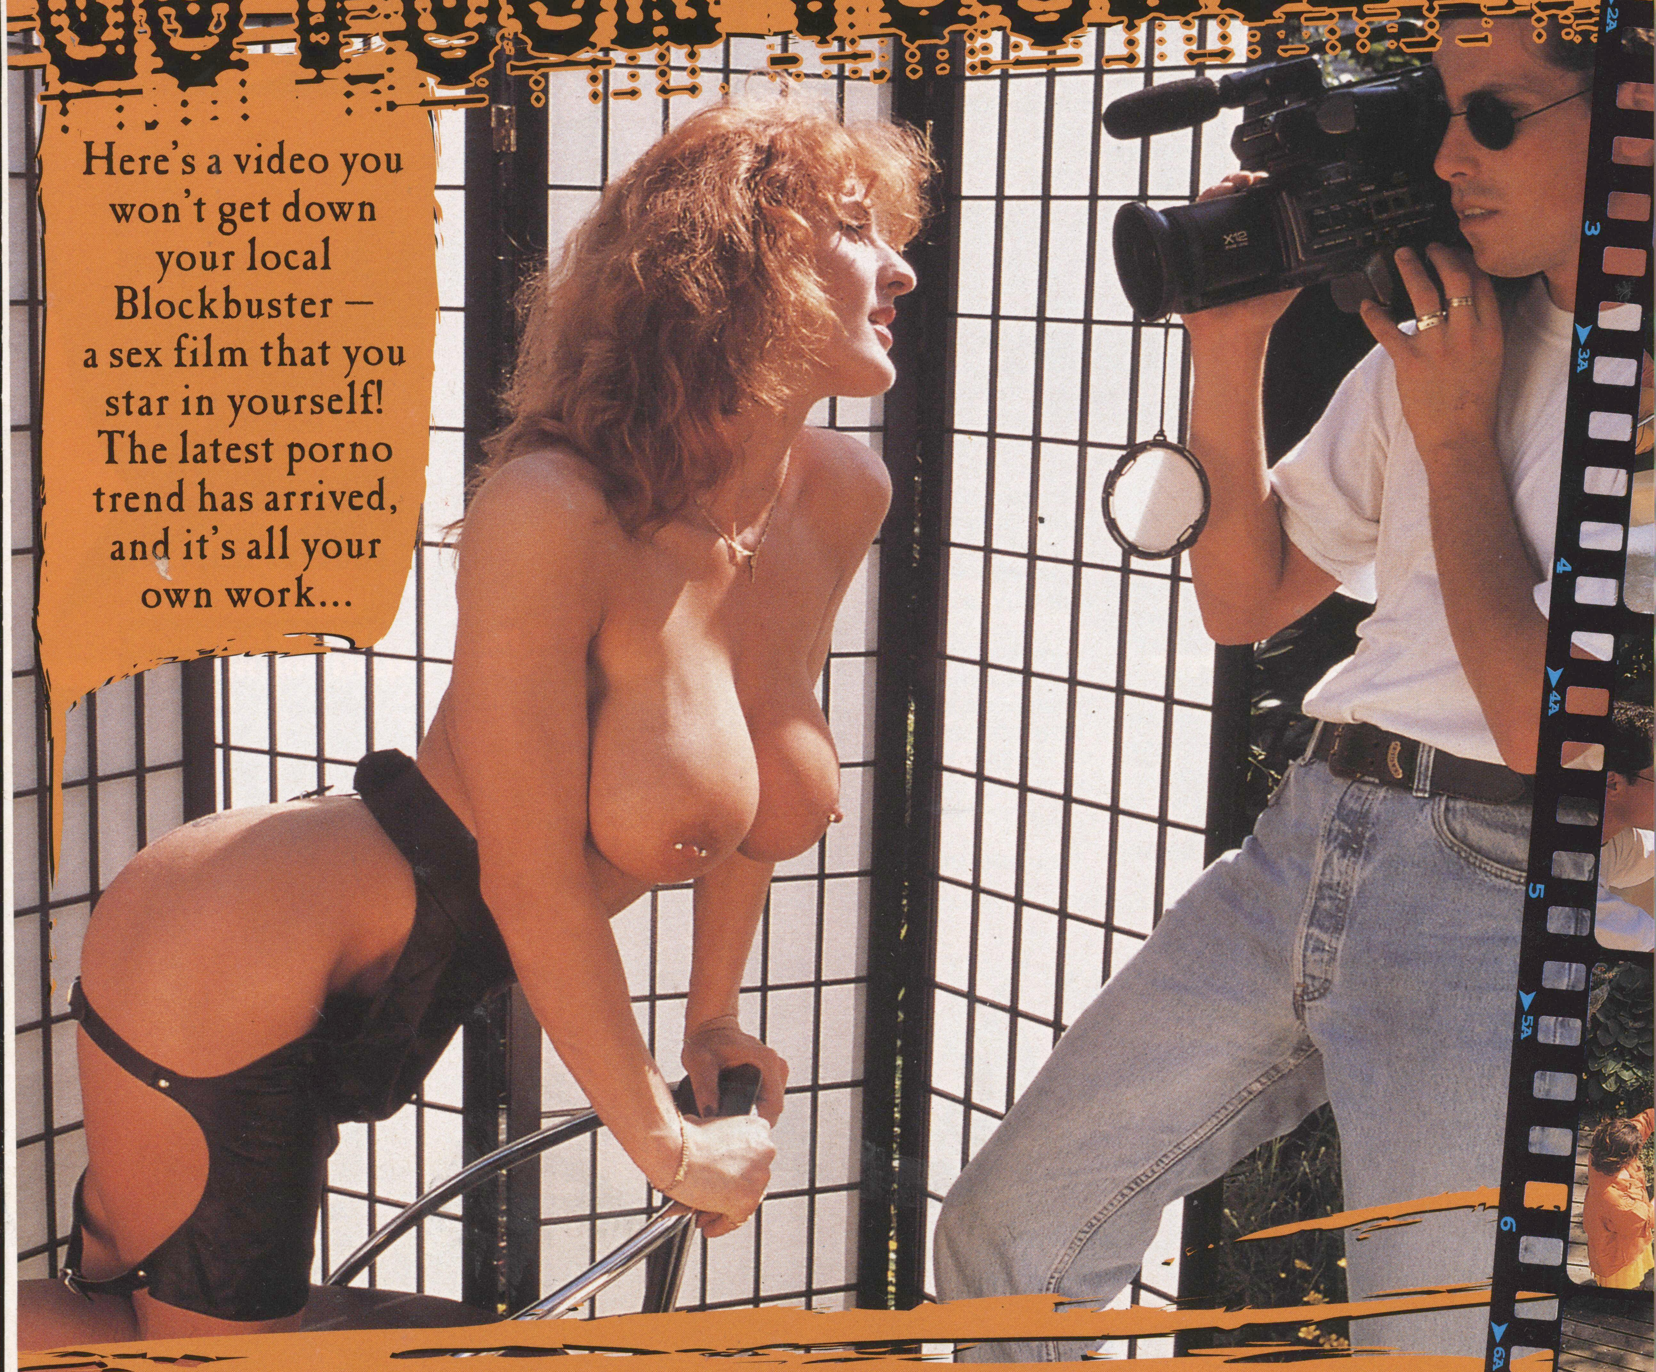
GO FUCK YOURSELF!

Here's a video you won't get down your local Blockbuster – a sex film that you star in yourself! The latest porno trend has arrived, and it's all your own work...



Porn movies can be so massively predictable. From the flickering start complete with a weird – mainly foreign – video graphic, right to the point where you switch off and feel oddly depressed, you can basically guess exactly what's going to happen all the way through. A man looking decidedly eighties stumbles upon a woman dressed in equally shit clothes. A ropy attempt at a plot. A blow-job that goes on for half an hour. Straight sex. Anal sex. Cum-shot. The end.

The only alternative to these gloss toss productions (that seem to wind up in most video players), are the amateur films where the male 'actors' are less like robotic fuck-mules and the women don't fake their orgasms so many times. The problem with amateur productions, however, is that they often look decidedly rubbish, with wobbly camcorder work ruining your view of the fannies. In both cases, the viewer has no control over what goes on, over how the 'action' should take place, and who should bang who and how. But all that's about to change...

Several companies are popping up offering pornoisseurs the chance to call the (cum) shots and make their own movies, providing decent equipment and expertise to make it look nice and plush. One of the latest has been set up in Holland, allowing jizz punters to hire an entire camera crew, costumes, a load of top-notch video equipment, and a bevy of porn actors and actresses, and get exactly what they want filmed. Furthermore, they can actually *star* in it! As the video is exclusively made for the customer and them alone (no copies are distributed to any dodgy shops), punters can relax, safe in the knowledge that nobody but themselves will ever get to see the finished film.

Not only are bonk-mad blokes lining up to call the shots and empty their cocks, but many women are getting in on the act too. Not really wanting to risk the chance of being seen by their friends and family in a film anyone can buy down Soho, but attracted to seeing themselves screwing on telly all the same, ladies are queuing up to be their very own private porn star, picking exactly which 'dick for hire' they want to act with.

So if you've got the money – and the stomach to see your own hairy arse bobbing up and down on video – get ready for the future of porn. And get ready to padlock your collection when your mates come around!

A FUCKING GOOD FUCKING PARTY…

Three years ago I was at a leaving party for this guy at work. I had fancied Peter for some time, and we ended up at my flat together. Once inside, I opened some wine and we sat on the sofa talking. Next thing I knew we were kissing. His arms came around me and our kisses became more passionate. His lips moved from mine and he kissed my neck and ears. By now I was feeling incredibly aroused, the pressure of his chest on my breasts really turning me on as we embraced.

> "The **tip** of his **cock** pushed gently against my **hole**."
> *Katie, London*

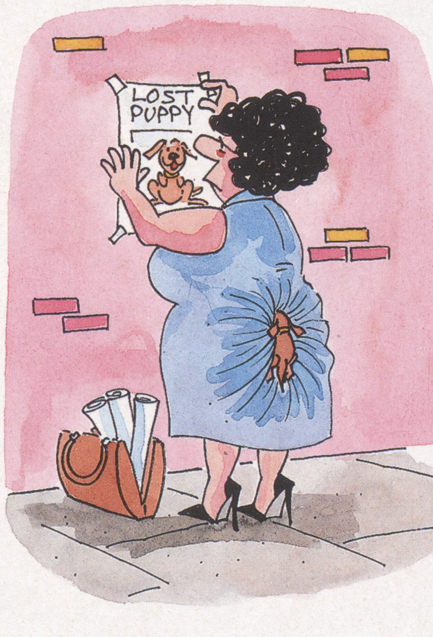
I took off his shirt and held my breath excitedly as he undid my blouse. I felt myself get incredibly wet – my knickers must have been soaking. I stood upright and let my dress fall to the floor while Peter's hand cupped my left boob, squeezing the nipple gently through the material of my bra. I lay down on the sofa, watching while he undid his belt buckle, popping the buttons on his fly and stepping out of his jeans. I looked at his boxer shorts hiding his huge erection and smiled as he asked if I had any condoms.

I was so excited I could hardly speak, and just nodded while pointing to the bathroom. While he went to find them, I pulled off my knickers which were sodden with juices. I was so wet that the hairs of my mound were plastered together. Peter emerged from the bathroom still in his shorts, carrying a packet of condoms in one hand and some massage oil in the other. "Let's go into your bedroom," he huskily said.

> "I pulled off my **knickers** which were **sodden** with **juices**."
> *Katie, London*

I lay down on the bed on my stomach as Peter poured some oil on my back and down to my bottom. He began rubbing it into my shoulders as I sighed in pleasure. After about 15 minutes, Peter turned me over and massaged my thighs and I didn't resist as he spread my legs, exposing my vagina lips. His hands crept up my boobs and he played with my nipples, teasing and gently pinching on them. I could feel my orgasm building – and he hadn't even touched me between my legs yet!

I could feel Peter's lips kiss down my body, flicking over my belly button and finally down to my clit. His fingers parted my wet lips gently as he circled my clitoris, moving down to my hole and darting in and out. My first orgasm erupted within a few licks, and as soon as it died away I felt another build. By this time I think I was probably screaming with pleasure and delight, finally begging him to fuck me. I was desperate to feel his hard penis up me.



Peter put on the condom and kissed me again, trying to rub his cock against my mound. I had never ached for a good hard fucking as much as I did now. The tip of his cock pushed gently against my hole and slowly slid inside me. I was moaning again now, the sensation of his cock moving slowly backwards and forwards as I lay spread-eagle on the bed was beyond anything I can describe. It was hardly surprising that I quickly came again. After this third orgasm, Peter changed his rhythm, using faster,

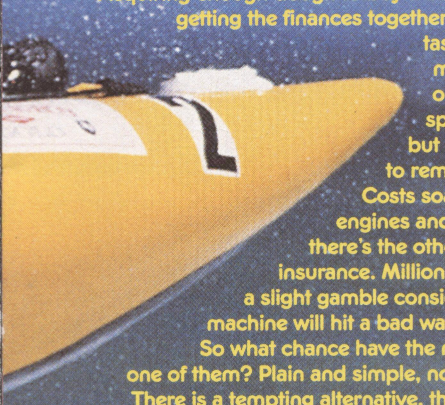
HAVE YOU ALWAYS FELT LET DOWN BY INFLATABLE OBJECTS? THEN SULK NO MORE – YOUR BOAT HAS JUST COME IN...



As is unfortunately the case with most things in life, if you haven't got enough money, the high-speed, high-thrill sport of powerboat racing is not a hobby you'll be able to fund. Acquiring enough dough to buy a boat in the first place is one problem, getting the finances together to enter competitions is a bigger task altogether. Power boat races are massively expensive, with crews not only having to turn to rich industrial sponsors to back their boats, but regularly shelling out on upgrades to remain competitive with other teams. Costs soar through the roof when new engines and models are developed, and then there's the other little expense of paying the insurance. Millions can be spent on just one boat, a slight gamble considering there's every chance the machine will hit a bad wave and end up on the rocks.

So what chance have the majority of us got of ever racing one of them? Plain and simple, none.

There is a tempting alternative, though, as this summer a gang of inflatable boat enthusiasts will try their damndest to give the public a taste of razzing across the sea at high speeds. The inflatables are civil versions of boats normally used by the army, and their impressive performance is not to be scoffed at. The powerful outboard motors have outputs of up to 75bhp, and if you don't know what that means, imagine yourself hanging on to a bit of rubber, screaming across the sea at 100km/h and praying to God your life won't be ended by water. Yes, they're fast.

The only drawback is that customers won't be driving solo. Project leader Thierry Leblanc is reluctant to leave the clueless public in control of his boats, planning instead a 'sit back and shit yourself' ride in the same way as most roller-coasters. Currently carrying out final safety checks on the inflatables in Spain, Thierry is negotiating the final location for his project, and although the Bay of Biscay is looking likely to be the chosen spot Leblanc is certain, "Anyone who is looking for us will certainly find us. We will make sure of that."

What's your average Friday or Saturday night out like? Does it involve drinking lashings of lager in a local boozer before going for a curry, and then descending on some piss-poor nightclub before waking up the next morning, alone, hungover and skint? Do you repeat this sequence every Friday or Saturday night? Yeah, same here. We've been doing it for years. That's why we decided maybe it was time for a change.

It's easy for a group of mates to blow a few hundred quid on a night out, but if it's the same old shit you're getting up to, why not give the usual a miss, pool that money together and set up a night that will be truly memorable? Pulling It Off is where we say, "Fuck going down the pub again like you always do, get your mates together and give this a go instead. You will meet a load of fit women as a result, and even if you don't actually get to shag any of them in the fanny you're guaranteed one memorable night out if you follow our cunning plan."

LAP OF YE GADS

The main aim of most nights out 'with the lads' is to have a top laugh and, fingers crossed, get your end away. But considering that most other blokes are also out on pussy patrol at every pub and club in the land, your pulling powers will be in competition with every other prowling male in the vicinity. What you need is a way to get rid of the competition, a technique guaranteed to draw attention to yourself, and end up in a room packed with so much pussy you can basically sit back, relax, then leisurely pick a gusset.

So, short of becoming a janitor at an all-girls college, how is this possible? Easy! You simply set up your own 'for women only' lap-dancing club. Think about it. No men are allowed in, and if you've got the balls (and a decent sized todger) you can even be the one who does the dancing, becoming the centre of attention and possibly

seeing yourself covered in cock-thirsty lasses before the night is out. If this sounds slightly ridiculous, take our word for it – it's a lot simpler than it sounds.

Yes, we decided to turn the slippery tables of lap-dancing around and – for one night only! – provide the ladies of London with their very own lap-dancing venue. And if you've got the guts to follow our guide, you too can be a Chippendale for a night, a real Real Monty – or just some pissed-up naked bloke writhing about desperately trying to tempt girls into parting with their panties.

Yet again, we're given a golden opportunity to print another 'old slapper' caption. Ho ho!

GET INTO THE GROOVE

To start your 'ladies only' lap-dancing club, make sure you actually have something to offer – get a dancer. And as the point of Pulling It Off is to score with the chicks, this means that the dancing is up to you! All you need is to get at least one strip-happy mate and you've got yourself a focal point that women will be clawing for. Of course, you can all dance if you want to (and have the bottle), but even if you're not the one shaking it all about for the girl's enjoyment, this needn't mean you won't score. No, once the 'dancer' has got their engines running, the girls are likely to let almost anyone drive the car home!

Forget hiring pro-dancers, though, as they're expensive, vain, and they'll end up leaving with all your women. So leave your inhibitions at the door and your pants on the floor, from

See what booze'll do? Nishlord hasn't even stripped to his awful undies, and he's scored!

HEY, SMALL SPENDER!

Setting up your own 'laydeez-only lap-dancing' night shouldn't cost you an arm and a leg – although you're likely to end up legless by the end of the evening. Here's a brief guide to what you can expect to spend in order to get your night up and running…

Room Rent

This can vary depending on your location, relationship with the landlord, and time of year (you'll have to avoid the Xmas office party rush). Try to get it for free (like we did!) but, if you can't, expect to pay around £50 for the night.

Free Booze

Nothing attracts more people to a party than the offer of free drink so get plenty in stock. Wine boxes are cheap, usually a hit with the ladies, and easy to ration out. £30 should see you through easy.

Costume Hire

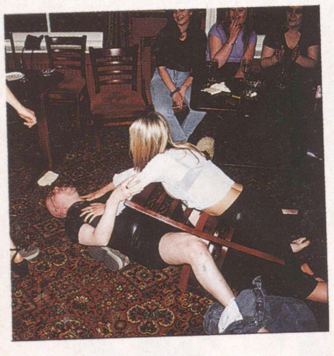
Beg, borrow or steal from your rubber-clubbing contacts anything that will a) look more attractive than a rancid pair of boxer shorts, and b) remain difficult to remove completely. Honestly, the girls who showed up at our event would have stripped poor Nishlord naked in a nanosecond (if they could).

Invitations/Tickets

To make out you're a professional squad (and not just some blokes out for a laugh), avoid scribbling the details down in biro and do your best to get some quality tickets printed. You shouldn't have to spend any more than £100 maximum at a print company and, as always, shop around.

Finger Buffet

The last thing you want to have happen on the night is to get a gaggle of girls juiced-up and jumping for it, only to spoil it all be puking up over your dancer's crutch. Some form of food, then, is a must. Ask the pub/club where you're staging the event for help here – or contact a local sandwich shop – and aim to spend around £40-£60 depending on quality/quantity.



Nishlord's naughty 'chair dance' routine proves too much for one party goer. And what a goer!

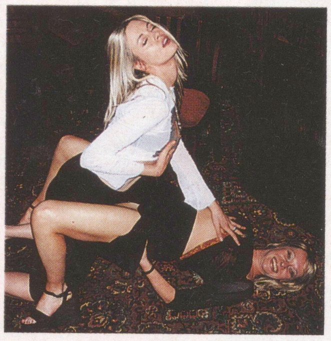
here on in *you're* the naked flesh the female punters are going to want to rub baby oil into. Or laugh their tits off at.

Once you've recruited your daring 'dancer', the next part of the plan is securing a venue. Don't be too ambitious by setting your sights on the Albert Hall. Start small. Most pubs have function rooms for hire, usually at prices a lot less expensive than a few rounds at the bar, so pool your money together and sniff out a venue for your strip debut. Be honest with the landlord, tell them what it's all about, and if they show any reluctance at the thought of their establishment degenerating into a sordid flesh pit, remind them punters will spend shed-loads behind the bar (that usually does the trick).

Also, when securing your room, try and get a buffet chucked into the deal, not to mention some free wine for the women who will hopefully turn up. Not only will you have a better chance of attracting an audience if you state 'free entry, free food, free booze' beforehand, but you'll also have a better chance of coping off with a girl if she's half pissed. To put it bluntly.

AND THEY'RE OFF...

Once you have your venue sorted, your mates suitably convinced it's a good idea, and your pants washed and ironed, it's time to take to the streets in a bid to promote your ladies-only night. You'll need to knock up some free tickets stating what it is (male lap-dancing for women only), where it is, and when it's being held – and then walk about handing them out to any women who look fit (and up for it). Be sure to state only women are allowed in, and only ticket holders will get through the doors. Once you've handed out all the tickets, all you can do is sit back and wait for the cock-hungry wenches to arrive in droves. Don't worry about elaborate dance routines, don't worry if only five women show up – just pull it off by getting them off and having a laugh. You could even be talent spotted for the Dreamboys and end up making a living getting your cock out! At the very least, you'll be guaranteed a top laugh, and one night to remember.



Midnight arrives, and the fight begins for the last cheese and pineapple on a stick...

Girls. What are they like, eh? You lay on a male stripper, free booze and food, and they STILL want to be the centre of attention!

Lapdances can have amazing effects on girls. And twelve gin and tonics work wonders, too!

TEARS OF A CLONE?

When our slap-head lap-dancer, the indomitable Nishlord, needed a costume for the evening we were helped out by rubber and leather wear specialists The Clone Zone, who were only too happy to help him squeeze into their array of fancy fetish items. In fact, Nishlord was so pleased with the Clone Zone, he now shops there regularly! You can find everything from the slightly naughty to the truly bizarre within the confines of Clone Zone, and you can check out their fruity store at 64 Old Compton Street, London W1 – or visit them on the net at: www.clonezone.co.uk. Cheers, chaps!

CROWNING GLORY

Thanks very much to Maggie and Laurence at The Crown pub, 64 Brewer St, London, for putting up with us and our idea which must have sounded mad – and was even madder in practice! The Crown is a top pub, serves excellent beer and tasty grub, and their staff are so friendly they'll even put up with somebody like Nishlord rolling around on their carpet in a pair of bright yellow rubber pants. They have a function room available for most needs, available for £50 a night (or free if you spend enough money at the bar). All inquires on 0207 4329711.

Yes, there's no business like show business, and here are a selection of lasses who didn't show up to prove it! It's not all staring at women's tits working for a porn mag, sometimes we even look at the outside world. Here's what we discovered on our latest excursion into reality…

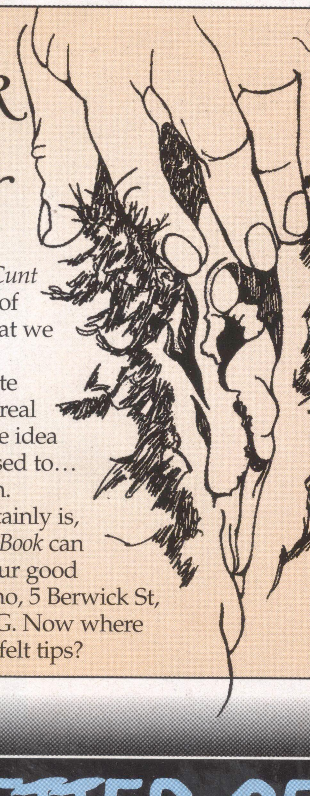
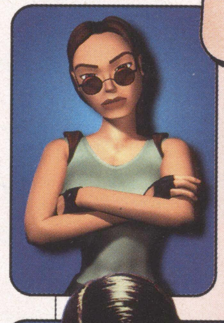
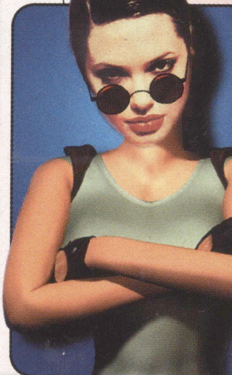
THE COLOUR OF CUNNY



AS mad shit goes, the *Cunt Colouring Book* is one of the weirdest items that we laid eyes on recently. These black and white A4 drawings are of 'real women's cunts' – the idea being you're supposed to… well, colour them in.

A novelty it certainly is, the *Cunt Colouring Book* can be obtained from our good friends at Sohigh Soho, 5 Berwick St, London, W1V 3RG. Now where did we put our felt tips?





REASON TO BE JOLIE

When we heard there was a Tomb Raider movie coming out we immediately thought of previous game-to-film conversions that have woefully hit the screen. Streetfighter, Mario Brothers, Mortal Kombat, the list is endless. Well, not endless, but we couldn't think of any more. The point is, Tomb Raider could easily be a duffer, but there's one reason to watch all the same – Angelina Jolie will play Lara Croft! Last seen in Girl Interrupted, she's a saucy actress who will look more than attractive in a pair of shorts and a tight green vest top thank you very much. The film, directed by Simon (Con Air) West is out later this year. Let's just hope there aren't loads of scenes of Angelina running into walls, scrolling through an inventory list, and saying "No," as she tries to jam a diamond in a keyhole.

BETTER OFF DEAD!

Video game technology continues to evolve in leaps and bounds, and what's the main selling point of many of the latest games? Women wearing next to nothing! Here are the latest digital chicks to grace your console eyes courtesy of Acclaim's *Dead Or Alive 2*, a plethora of saucy maidens who you can see here in their pants. Unfortunately, the game doesn't just involve staring at girls in bikinis – you have to beat people up in arenas too – but it plays beautifully and it looks like the queen's smoo. Right on, Acclaim!

IS THIS LOVE?

Sexual fetishes are becoming so common nowadays, we'll soon reach a point where straight sex is considered a freakish act. And as for the concept of love? Hah, who needs it when you can get your rocks off getting covered in spaghetti or sticking your cock in a balloon? Another weighty book parted our office lips this month in the form of *Deviant Desires*, all about some of the mad ways people like to tickle their fancies. It's one of those publications you skim through going, "Uh?" and "Ergh!" and "What the?" and then never looking at it again, but it's a bit of a laugh for what it's worth. And it's worth £16.99.

ONE FOR THE BOG!

Agony aunts, eh? No matter how many times you see those, 'Dear Mildred' columns and think, "What a fucking waste of my time," you just can't help reading and laughing about other people's misery. "Is my wife seeing someone else?" Probably, ha, ha! "How can I stop blushing?" You can't, you're doomed, ha, ha! And so on. The 101 Sexiest, Craziest, Most Outrageous Agony Column Questions is a neat little collection of some of the odder questions sent into columns, and is the ideal book to have beside the toilet to make you laugh while shitting. It's £9.95 on the Blue Books label.

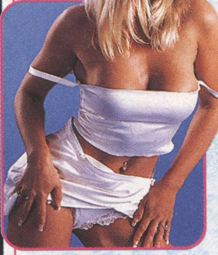
Questionable Character?

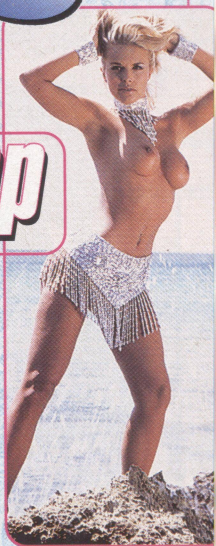
She's blonde, she's beautiful, she's mad for it, and she looks a bit like Patsy Kensit. Step forward top glamour model Sammy Jessop...

Sammy Jessop



Q. Okay Sammy, tell us how you first got into the glamour business...

A. I was talent-spotted in Asda! I was actually bending over for a tin of beans when this guy came up and said, "Hello darling, I can make you a wealthy woman!" I told him to fuck off. But I later got really friendly with this girl who was a make-up artist and she said, "If ever you want to do some modelling, come to London and look me up." I went down to London with a fiver in my pocket that I'd borrowed from my mum. I found a reliable agency, got my portfolio together, got me a few jobs and it started from there. Never went back.



Q. Have you ever made any hard porn movies?

A. No. Silly, really, because I could have retired by now if I'd done porn movies – stupid girl! I came into the glamour industry at 21, and I was an old 21, having seen a bit of the world, so I came in quite wise, knowing there are a lot of pitfalls you can fall into. I'd decided by then that while I didn't mind doing top shelf glamour stuff I didn't want to do penetrative hardcore. I wanted to save something back for me.

Q. Any memorable experiences from your early modelling days?

A. A location shoot when it was about my fourth job and I was still quite new and scared. I won't tell you the name of the photographer because he's quite well known. We'd done this shoot but then we missed the last ferry home. He said we could stay in this hotel suite that he'd booked, but that we'd have to share the same bed. Of course he promised he wouldn't try anything on!

We got into this bed and I had three pairs of pyjamas on, bed socks the lot. It's a huge bed and I'm right over in my corner and he's in the middle moving about and then it's, "Goodnight, thanks for a great shoot..." and lights out. Then all of a sudden I'm lying there and I can feel this... like... shaking. And I think, 'Oh my god, he's playing with himself!' And then he started saying, "So Sammy, what were you thinking about when we were doing the photo shoot?"

So I go, "Oh, I don't think of anything really..." But the shaking's getting faster and he goes, "So, when you do two-girl things, what do you think of then?" Well I realised I was never going to get any sleep at this rate, so I started saying, "Oh yeah, it really turns me on, gets me all wet," and stuff like that. And the bed started shaking even more violently, and I'm thinking, 'Go on you tosser, get it over and done with!' I hope he reads this and feels suitably ashamed of himself!

Q. Have you ever been involved in a tabloid scandal?

A. Only once. I was booked to do a show in a restaurant on the King's Road, which included a simulated lesbian romp. It was nothing full-on. We'd drag a guy out of the audience, handcuff him, blindfold him, and tease him. I got talking to this guy, who was giving me lots of compliments on my figure and how I looked and how much he'd enjoyed the show and that was it. And the next day in the paper I find out this guy was a prominent MP, and he was supposed to have been involved with me in some sex romp! To me he was just a guy watching the show and he was quite up for it really. **The News Of The World** rang me up to ask, "Do you have any comment?" I was like, "Yeah, leave the poor wanker alone!"

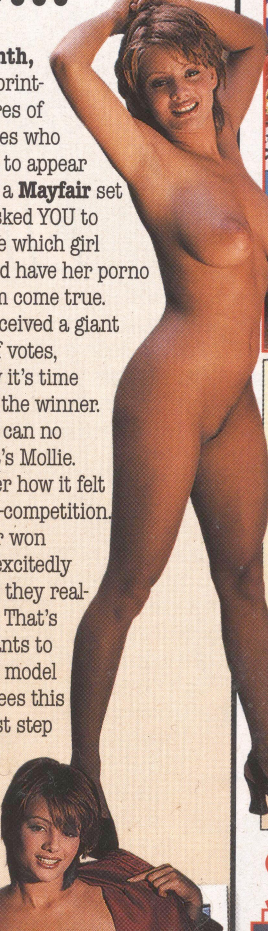
> "The **bed** started shaking and I'm thinking, 'Go on you **tosser**, get it over and done with!'"
> *Sammy Jessop*

Q. You've just done your own video for *Playboy*. Any comments on the filming?

A. We went to Portugal, and I had a great time with Lana Cox. I really fancied Lana and she knew it, because she teased me all the time. While the other girls were doing their shoot we would be upstairs, in her bedroom, because for some reason she was the only one who had a balcony. In the morning we'd be there, towels out, lying there completely naked and she'd always seem to position herself where she'd be sat against the wall with her legs apart, and I'd be in front of her thinking, 'I must try to look at her eyes.' She'd just tease and flirt, which was really quite horny. The video was pretty hot, but they were missing the best bit up on the balcony...

Sammy Jessop's **Playboy Celebrity Special** is out now.

AND THE WINNER IS...



Last month, we printed the pictures of six lovely ladies who each wanted to appear naked in a **Mayfair** set and asked YOU to decide which girl should have her porno dream come true.

We received a giant wad of votes, and now it's time to reveal the winner. Yep, as you can no doubt see – it's Mollie.

We asked her how it felt to win this mini-competition. "Wow, I've never won anything," she excitedly exclaimed. "Did they really vote for me? That's cool." Mollie wants to become a glam model full-time and sees this as just her first step into the adult biz. "This is where it starts," she told us. "From now on there'll be no stopping me."

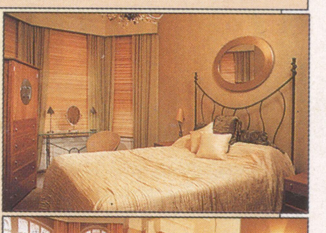
WHO'S THAT GIRL?

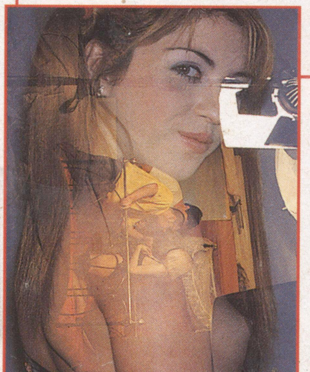
We've always had a soft spot for former Miss Great Britain Leilani Dowding, simply because she is absolutely lush. She was our cover girl back in Volume 33 Issue 12, but fame only seemed to pay a fleeting visit to the dark-haired beauty before she vanished into the glamour cupboard. Well we've found her! This pic [left] was taken as part of a promo for some new tyre for racing cars – and look who's one of the models standing next to some hyperactive geezer… it's lovely Leilani!

THE ATHENAEUM HOTEL IS LOVELY

Although most people who work on magazines mistakenly think of themselves as journalists, the truth is the majority – including us – are lazy good-for-nothings with little talent but a lot of cheek. One magazine trick often pulled is to cover an item simply because a staff member wants to get their hands on it. For instance, our esteemed editor recently decided he wanted to spend the night in a nice hotel and consequently called up the exuberant Athenaeum Hotel in London asking, "Can I spend a night in your hotel?" He did, had a lovely time, and as a result we will now say how plush the Athenaeum is as a lame way of repayment. So there we go. Visit the Athenaeum if you can afford it because it's great (call 0207 499 3464 for reservations). Ahem. Join us next month as we stuff our whore faces with free cakes and then write a story that ends with, "Buy flour, it's brilliant!"



SHIT PHOTOGRAPHER ALERT!



It takes a lot of skill to become a Mayfair photographer, and one of the necessary attributes is the ability to take a film out of the camera once it's been used. Mayfair contributor Warwick Hunt lacks this skill as these double exposure photos badly reveal. Yes, these images aren't part of some poncey Athena art shoot, but the result of Mr. Hunt's utter ineptitude as he FUCKS UP what could have been a great feature for the mag, resulting in shoddy snaps as if the women have faces in their stomachs and weird 'hand-vaginas'. So we say to Warwick Hunt, "You Dumb Cock!" to remind him not to BALLS UP again. Tsk, you just can't get the staff these days. Tell ya, even our old designer could take better snaps. Well, nearly...

GLAD TO BE... STRAIGHT!

If only heterosexual people held regular 'straight' festivals, maybe just a day where we all walked about proclaiming our attraction to members of the opposite gender. As it is, only gays seem to get their act together, devoting several days a year to wandering about shouting, "We're men and we like cocks and dressing up as women," and so forth. One recent gay 'outing' was in Australia, where there were all sorts of sights to see; men dressed as women, women with crew-cuts, and big 'outrageous' models of monster cocks. Here's what you missed.

For a few minutes we stayed like this, both of us too weak to move, our breath heavy as we carried on kissing. We made love another two times that night and I couldn't count the number of orgasms I had.

ACTING ON IMPULSE

I sometimes help out at the local Amateur Dramatics society, and this is where I met Claire, a particularly attractive actress. One day I was tidying the dressing room the morning after a show, and Claire walked in. The rest of the place was deserted and I got chatting to Claire for quite some time, realising we both had the hots for each other. It wasn't long before Claire was stripping off in a moment of pure lust. She lay on the sofa naked and I kissed my way down her flat stomach, easing her panties down. She had a hairy little bush that was glistening slightly.

I knelt between Claire's legs, opened her tight crack up a little and flicked my tongue inside. She tasted so sweet as I worked deeper, and she moaned continuously as I chewed her tight pussy. Her moaning got higher in pitch and she held my head against her as I lapped away. As she reached orgasm I wondered if the dressing room was sound-proofed. I got onto the sofa and took out my erect cock, all eight inches of thick meat on show. Claire's eyes almost popped out and she whispered, "Fuck me, fuck me," using her hand to rub between her legs.

"She moaned continuously as I **chewed** her **tight pussy**."
Ken, Leicester

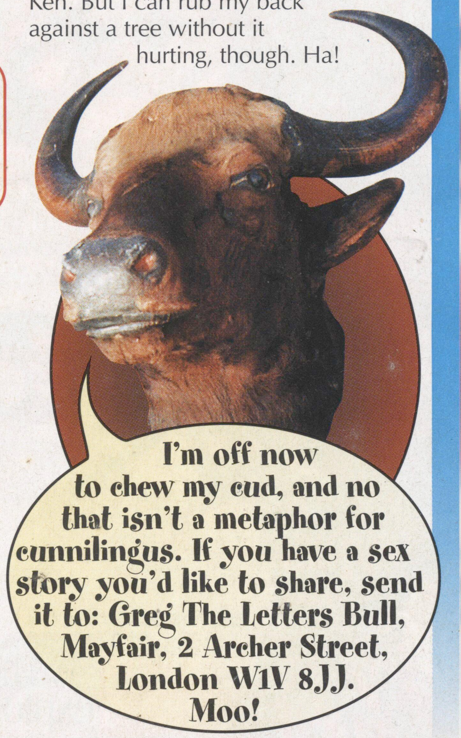
"Her **bum cheeks rippled** every time I **penetrated** her."
Ken, Leicester

I flipped her onto her stomach, and she lay on a cushion so her bum stuck up in the air. I opened her legs and fingered her exposed pussy. She was very wet, and I couldn't resist cutting to the chase and sliding my cock inside her. She squealed in delight as I pumped away, taking it slowly at first before speeding things up. I loved the feel of her body beneath me, holding her waist as she took each thrust. Her bum cheeks rippled every time I penetrated her, the sight of which had me on the brink of coming each time. I shoved inside again and kept my cock hard inside her before finishing off with another quick firm burst before we finally came.

I thought that our session was just a one-off but I was wrong. On the final night of a show, we ended up back in the changing room again – and have a guess what happened?

Ken, Leicester

I'm not very good at guessing, Ken. But I can rub my back against a tree without it hurting, though. Ha!

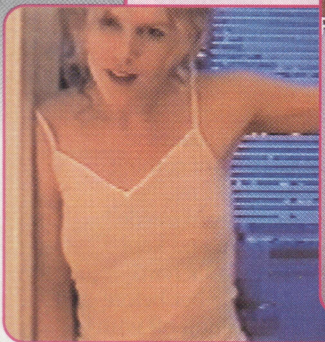


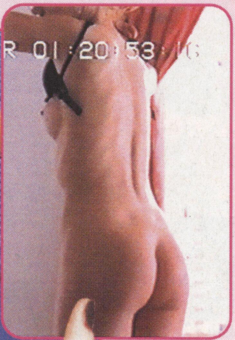
I'm off now to chew my cud, and no that isn't a metaphor for cunnilingus. If you have a sex story you'd like to share, send it to: Greg The Letters Bull, Mayfair, 2 Archer Street, London W1V 8JJ. Moo!

CELEBRITY Sizzlers

Once again we dare to step in where Hello magazine fear to tread – right in front of celebrities while they're naked!

LEGS WIDE OPEN!





Nicole Kidman is an exquisite bit of totty and most of her is viewable in *Eyes Wide Shut*, the last film from Stanley Kubrick, who died just after finishing his final edit of this controversial erotic thriller. Ever the perfectionist, Stan demanded as much as fifty takes on one individual sequence. But when you're filming a sex scene involving a naked Nicole, then you're never going to be in a rush to get finished and piss off to the pub, are you? Soon to be seen playing a Russian mail order bride in *Birthday Girl*, Nicole recently said that she and Tom Cruise would eventually like to retire and go hiking in the Himalayas. "We have a dream to explore the whole world." she explained. That's funny, because we have a dream to explore Nicole – and we usually need to change the bedsheets the morning after we've had it!

"She's not **shy** about getting those **surgically enhanced baps out** in public"

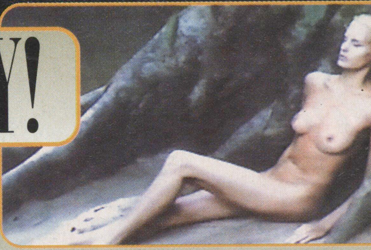
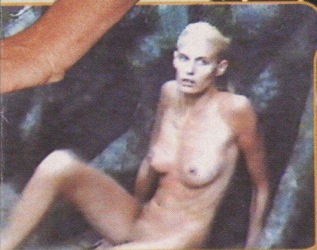
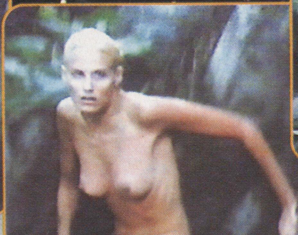
AMAZONIAN BEAUTY!



Lanky beauty **Daryl Hannah** has spent so much time frolicking with her celebrity boyfriends that she has all but turned her pretty blonde backside on her film career and flushed it down the toilet. In films like *Roxanne* and *Splash* Daryl is an ethereal goddess, sweet and adorable as well as a prime lust object. But in recent times Daryl has been reduced to appearing in cable movie spoofs like *The Attack Of The Fifty Foot Woman* and taking negligible supporting roles in theatrical releases like *Grumpy Old Men* and *My Favourite Martian*.

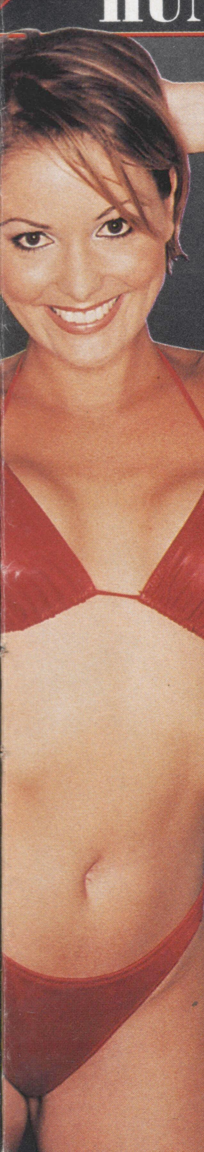
Perhaps realising she needed to give her movie career a shot in the arm, Daryl agreed to shoot some very revealing nude scenes for her Amazon adventure movie *At Play In The Fields Of The Lord*. In the film's most explicit scene, she is seen skinny-dipping while a horny native looks on. Along with the rest of the salivating audience!



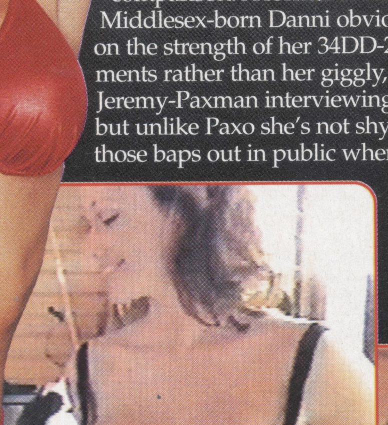


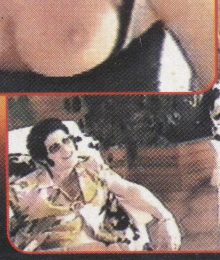
"Daryl is an **ethereal goddess**, sweet and **adorable** as well as a prime **lust** object"

LOVELY HUNT!



Check out the *Granada Men And Motors* cable TV channel to review the performance of Miss **Danni Hunt**. The helium-voiced hostess of such intellectual shows as *Beaver Hunt* and *The G-Spot*, Danni even manages to make her motormouth co-host Terry Christian sound soothing and intelligent by comparison. A former PA and model, Middlesex-born Danni obviously got the job on the strength of her 34DD-24-35 measurements rather than her giggly, not-at-all-like-Jeremy-Paxman interviewing techniques, but unlike Paxo she's not shy about getting those baps out in public when the viewing figures demand it. No surprise they're nearly always out then…





SIMPLY CYNSATIONAL!

Cynthia Rothrock may never get an Academy Award, but she has already won top honours as World Karate Champion in Forms and Weapons – no fewer than five times in a row! *Oriental Cinema* calls the firm yet curvy action movie blonde, "The top female kung fu star on both sides of the globe," going on to say, "We'll take Cynthia Rothrock over any Chuck Norris, Jean-Claude Van Damme or Steven Seagal." No contest there from us either.

Born in Wilmington, Delaware, on March 8th 1962, Rothrock earned her first black belt at 17 and her film career is still legendary in Hong Kong. When one aspiring British actress recently quizzed show-biz folks in the country how to make it in action films there, she was told "…to act like Cynthia Rothrock, kick like Cynthia Rothrock and move like Cynthia Rothrock." And to have 34C-25-34 measurements like Cynthia doesn't hurt either!

THIS IS DIFFERENT

Dear Mayfair reader,

If you enjoy **intimate phone fucking** with a sexy girl, then you're in luck. My name's Bob, and I've put together the **ultimate no nonsense adult chat** service, just for people like you and me. No international calls, no dodgy English, and you don't need a credit card.

I won't waste your time.
You want value,
You want choice,
You want action,
YOU'LL GET IT!

We're different - a **short snappy intro** gets you into the action quickly, and **you get to choose** who you talk to. You can listen to the girls before talking to them, you can even get back to your favourite girls when you call again!

Whether you're a first time caller or a seasoned phone sex addict I'm sure I've got someone for you. Gorgeous girls, horny housewives, strict mistresses and more! All friendly, articulate and **eager to satisfy** your every desire. I've had lots of pleasure training these girls how to please **YOU**. So you get **real** conversations with **real** women, as hot as you can handle.

This is the service you've been waiting for.

Too good to be true? Just call us and see for yourself! I'm sure you'll enjoy it as much as I do ;-)

Best regards, Bob James

QUEST

Every part of everybody loves… fucking! This month, our Quest respondents explain which part of their body makes 'em feel sexy. And no, it's not just their clitties…

Name	**Caroline**
Home Town	**Southend**
Age	**22**
Marital Status	**Single**

I've got a very slight build, and my bust is pretty small, but I've got the most incredible pair of nipples! They're big, at least half an inch long, sometimes even bigger when they get really hard, and in my opinion they're my sexiest feature, which I really play on.

With my bust being so small I don't need to wear a bra, and I often wear tight, revealing tops. I've always loved the effect it has on men, seeing my nipples stuck up erect against the clinging fabric. I'll be sitting on a bus or a park bench and catch sight of a man staring at me, no doubt wishing he could be sucking on my nipples. I'll fantasise that he's doing just that, and that's often enough to send a tiny orgasmic tingle through me.

I'm one of those girls with tits so sensitive that I can come just through having them sucked, especially when I'm being fucked. That said, one of my horniest experiences didn't involve full sex. As ever, I was sunbathing topless, and got a lot of male attention. It was a bit weird – I was on holiday with my then boyfriend who'd deserted me to go off windsurfing, when I got chatted up by these two blokes. I snogged the one I fancied more, but the other one just hung around and watched. When the first one started sucking on one of my nipples, I beckoned his mate over. He went to snog me, but I shoved his head down to my other tit.

"He got **three fingers** up my **very moist snatch**"
Caroline, Southend

The next thing I knew, the first guy's hand went inside my bikini bottoms, and he got three fingers up my very moist snatch. Then his mate slid a hand down to play with my clit.

This felt as intense as any fuck I've ever had. Every tug and suck on my nipples went straight to my clit and snatch until every muscle was tensed up. Just a few more sucks on my nipples got me coming.

"His mate **slid** a **hand** down to play with my **clit**"
Caroline, Southend

They weren't finished yet – they pulled their hands out and wiped my juices over my nipples, then they sucked on them again. I was still over-sensitive from coming, but just as I was about to beg them to stop, another orgasm started to build up. This wasn't quite as intense as the first, but it lasted for ages.

My boyfriend found out about what I did, and dumped me on the spot. He even booked himself into another hotel. This meant I was free to fuck whoever I liked, but nothing quite matched up to that experience!

I have considered having my nipples pierced, but decided against it. Luckily, a friend of mine found me some clip-on nipple rings, which look spectacular. They pinch a bit, too, in the nicest way. Put it like this, I always know I'm wearing them!

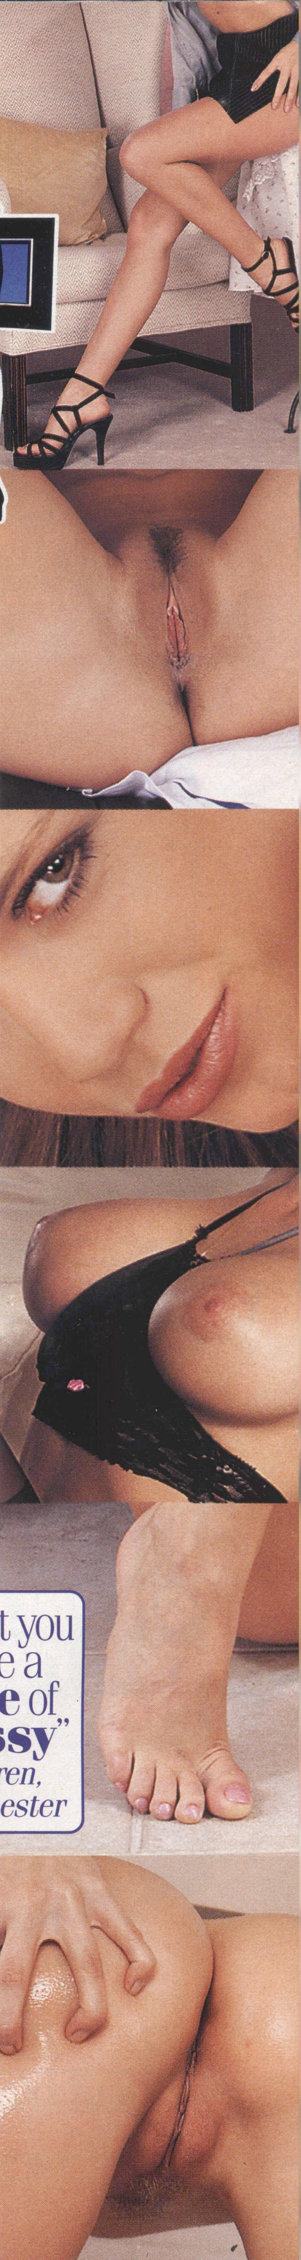
Name	**Lauren**
Home Town	**Manchester**
Age	**26**
Marital Status	**Married**

I'm almost six feet tall, and quite a bit of that is leg. My 'pins' are slim and firm and smooth without any cellulite – good enough that I used to work as a 'bit part' model in stocking commercials. It's no secret that they were the first thing my husband Sam, a consummate 'leg man', noticed about me.

"I'll let you have a **taste** of **pussy**"
Lauren, Manchester

I'd say he's got a real fetish for legs, and he likes me to be a bit dominant. Our favourite game involves him lying naked on the floor, while I strut around in either just stockings and suspenders or totally naked myself. However, I always, always wear high heels. They make my legs look even longer and shapelier.

Sam has to lie there and watch me. Sometimes I let him wank, but he stops the second I tell him to. At the last moment, I stand straddling his face, so he's looking right up at my cunt as I wank off, watching the juices streaming out of it and running down my inner thighs. "Okay… ask nicely and I'll let you have a taste of



> "This position **thrusts** my **cunt** right at his face"
> *Lauren, Manchester*

pussy!" I tease, and when he's asked enough times, I sink down so I'm on his face, with my knees splayed wide open. This position thrusts my cunt right at his face, but he can't touch it. Instead, he has to lie there with his mouth open while I frig myself and let my juices drip into it.

I love teasing him like this. He knows it's game over if he touches me without being told to. If he's very lucky, I may sink down onto his face and let him lick me out, all the while feeling up my thighs, or else I'll frig myself to orgasm over his cock, before taking it into my hole.

Any leg sex is a turn-on to Sam, especially if he gets to splay them wide or up and back. He also likes to wank over my thighs, but I keep this as a special treat – I like him to really appreciate being allowed to do it!

Name **Debby**
Home Town **Redcar**
Age **29**
Marital Status **Engaged**

I'm a mixed-race woman, and though I've got quite light skin and hazel eyes, my arse is categorically that of a black woman! It's big and round and curvy without actually being fat, and it's probably fair, if a bit boastful of me to say, that it's a bum-fetishist's fantasy made flesh.

It's only in the last three years that I've grown to appreciate it, mainly thanks to my fiancé Gerry, who can't keep his hands off it. He spends hours just playing with it, kneading, squeezing and fondling it. He also loves to play his cock up and down my crack, wetting it in my pussy. Sometimes he traps it between my cheeks and kneads them around it – he's actually come like this a couple of times.

I knew that eventually he'd want to fuck me up the arse, but while I didn't really fancy the idea at first, I slowly started to come round to it. Every now and again he'd wet a finger in my pussy, then ease the tip inside my arsehole, or, when he was shagging me from behind, he'd grab a handful of my cheeks and part them, stretching my arse wide open. I'd feel my snatch stuffed full of his big cock, which made my arsehole feel a bit empty. He'd often tease himself, and me, by playing with my arsehole and asking me if I wanted him to fuck me up it, only to slide his prick into my snatch. One day he asked me again – was I sure?

> "Every now and again he'd **wet** a finger in my **pussy**"
> *Debby, Redcar*

> "I let him do **whatever** turns him on"
> *Nikki, Port Talbot*

"Yes, definitely," I said, and he put lube all over his cock and around and inside my arsehole, like he really meant it this time. When I felt him slide down to my pussy, I said, "No, this time I really want you to fuck me up the arse."

His cock had always felt big up against my backdoor, but now, as he tried to ease it in, it felt as though it had doubled in size. "That's it… push back…" he said, reaching down to tickle my clit, which made me tense my muscles. Then, as I relaxed them again, he pushed in, feeding his cock into my bum until my cheeks were spread wide against his crotch. For a while, he just stayed inside me, letting me get used to the size and feel of him, but then he began to thrust in and out, slowly at first but gradually speeding up.

I reached back to play with my clit, like I do when he's fucking me doggy-fashion, and couldn't believe how wet my unfucked pussy was getting – the juices were streaming out of it. Also, the sensations when I frigged myself were just incredible – far more powerful than when I'm being fucked up the pussy.

> "I couldn't believe how **wet** my **unfucked pussy** was getting"
> *Debby, Redcar*

I managed to bring myself to two orgasms before I felt Gerry's prick jerk sharply inside me and his balls bunch up against my spread cheeks. Then he shot his load – it felt like pints of spunk in such a tight space – right into me.

Since then, I've really got into anal sex. Obviously, you can't beat vaginal sex for a quickie, but Gerry probably fucks me up the bum at least once a week – and I feel cheated if he doesn't!

Name **Nikki**
Home Town **Port Talbot**
Age **31**
Marital Status **Married**

Most guys would agree with me that my sexiest feature is my big knockers! I'm a 36DD, and they're about as pert as tits that size can be. I love to have them played with, it's nice just lying back while a bloke has his fun with them. I don't even mind if he gets a bit rough, pinching or pulling on my nipples or rubbing a stubbled face in between my globes.

The sexiest thing, though, has to be a tit-wank. It's such a turn-on to see a guy's face when he realises that even the biggest cock can pretty much get lost between them.

I like to start by putting on a little show, kneeling up and wobbling my tits, then scooping out juices from my pussy with my fingers and rubbing them over my cleavage. Then I lie back, and get the guy to follow suit, fingering me and slithering the juices between my tits until they are all wet and sticky.

Sometimes a guy will fuck in and out of my pussy a couple of times, to coat his prick with my juices, and it just goes to show how sexy he thinks my tits are if he's willing to pull out and fuck them instead!

When he's got his shaft between my tits, I let him do whatever turns him on. Some guys like thrusting while I shove them hard together around him, others like to have a good grope themselves. If he's big enough, I'll crane my head forward and lick his tip – some even like me to give them a sucking while

> "I'd like to have a guy **come** on my **tits**"
> *Nikki, Port Talbot*

"I massage their **balls** in between my **boobs**"
Nikki, Port Talbot

I massage their balls in between my boobs.

For me, there's no sight sexier than that of a swollen, red prick shooting a load of spunk out all over my boobs, especially if the guy uses the end of it to rub the juicy cream in – maybe I've just been watching too many porn films!

You'll notice that even though I'm married, I've been talking about guys in general – that's because my husband and I have an open relationship. It hasn't led to any group scenes yet, but I'm really hoping it will. I'd like to have a guy come on my tits, or maybe have a girl rub her juiced, orgasmic pussy over them after she's sat on my face. Then, when they're nice and lubricated, my hubby could fuck me in between them. I haven't told him about this yet, so please print it – I'd love him to find out about it through reading *Mayfair*!

Name	**Gemma**
Home Town	**Exeter**
Age	**21**
Marital Status	**Single**

My mouth is definitely my best feature. My lips are big, soft and pouty.

Luckily for most of the guys I date, I love going down and sucking cock. As I see it, I've got a gift it would be a crime to waste! I always wear lipstick, and though I've got all sorts of different colours, I have most luck when I'm wearing a really tarty shade of red.

I love to tease and play with a guy's cock. I'll start by wanking him until there's loads of pre-come welling at his tip, then I'll smear it on, right from the head of his cock, like lip-gloss. I open my mouth wide and pout my lower lip, and gently slap the underside of his cock against it. He usually doesn't know I'm taking him into my mouth until he feels the tip of my tongue flickering against the base of his helmet. I love doing that – you sometimes get a little salty rush of pre-come and I love the taste. I use his cockhead to spread it all over my tongue.

"My **lips** are **big**, soft and **pouty**"
Gemma, Exeter

When I go down I start off slowly, probing and swirling with my tongue, finding out what really does it for the bloke – I'm good at that. Then, when he's thinking it can't get any better, I open up my throat and take him right down it.

"I just look like such a **slut**"
Gemma, Exeter

When he really gets going, I just wrap my fingers around the root of his cock, so he can thrust in and out as hard as he likes. Most guys will tell me when they're coming, and while I don't mind swallowing, I prefer to let their come pool on my tongue. Then I play with it, pulling out sticky strings of it, and letting some of it drip down onto my tits. Obviously, my lips get covered with the stuff, and deep-throat sucking, with my face grinding against his crotch, means my lippie will be spread halfway across my face. Most of the guys I've sucked have found this a real turn-on – I just look like such a slut – especially when I look them in the eye while I'm doing it!

"I love **going down** and **sucking cock**"
Gemma, Exeter

Name	**Lisa**
Home Town	**Dunstable**
Age	**25**
Marital Status	**Married**

I've always liked my feet – they're small, pretty and well-shaped, very feminine feet, I suppose you'd say! I try to pedicure them every week or so, and keep the toenails polished.

I didn't realise that they were an erogenous zone until I had a reflexology massage. The idea is that points on your feet correspond with points on your body. Most of it was nice without being sexual, but now and again the masseuse would touch a point on my heel and I'd feel a lovely twinge in my pussy. It wasn't just a fluke, either – I got my husband to massage my feet, concentrating on that point, and when I played with pussy at the same time, I came a lot quicker and harder than usual.

Luckily for me, my husband's a 'shrimper' – a foot fetishist – and proud of it. He likes to fuck me in positions which allow him to suck my toes, which is great because they're usually the same positions that are good for deep penetration. If he can't reach he sometimes tickles my feet, and even if he doesn't hit my reflexology pussy point, it still drives me into a frenzy!

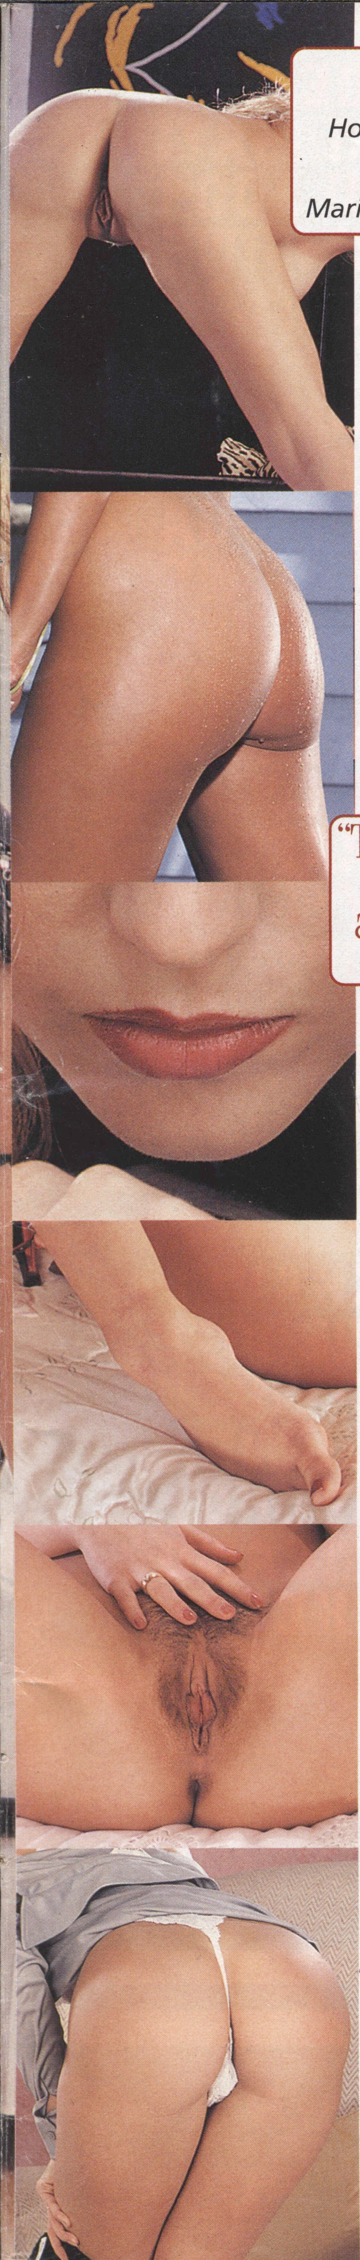
He also gets off on fucking me in between the soles of my feet. This feels great for two reasons – obviously, there's the feel of his oiled-up prick against my insteps, and it spreads my knees apart, opening up my pussy. When we start, it's him we concentrate on – I squeeze and roll his cock in between my soles. Then, when he presses them together and starts to fuck them properly, I can finger or even use a vibrator to bring myself off.

"We end a **foot-fuck** with him **spunking** all over my **feet**"
Lisa, Dunstable

"He likes to **fuck me** in **positions** which allow him to **suck** my **toes**"
Lisa, Dunstable

Where he comes depends on how in control he is – ideally, we end a foot-fuck with me pointing my toes daintily and him spunking all over my feet - they look so horny, with spunk dripping off my frosty-pink polished toenails. Usually, though, he gets so carried away he finishes with one almighty deep thrust, so that everything from my pussy right up to my tits gets sprayed with come.

"How can any part of a **girl's body** be **sexier** than her **pussy**?"
Francesca, Nuneaton



Name **Francesca**
Home Town **Nuneaton**
Age **24**
Marital Status **Single**

Oh, come on, how can any part of a girl's body be sexier than her pussy? Maybe I'm biased, being a lesbian who finds her girlfriend's cunt an incredible turn-on. I've been told often enough that I've got the perfect pussy – tight and pink with cute, full labia. It juices up at the slightest touch, and Gail, my bisexual girlfriend, reckons it's a bit of a shame I don't fuck men, as no cock can appreciate how tight it is.

> "I've got the **perfect pussy** – **tight** and **pink**"
> *Francesca, Nuneaton*

My clit is ultra-sensitive – Gail says that when she strokes it she can feel it swelling up and even hardening slightly under her fingers. She loves to lick it with me straddling her face or on all fours, so my juices run down into her mouth.

> "There's nothing wrong with **licking out** a **bushy cunt**"
> *Francesca, Nuneaton*

I always keep my pussy completely shaved – Gail likes it like that and so do I. There's nothing wrong with licking out a bushy cunt, but for us, it doesn't compare to running our tongues along a smooth, pink slit, glistening with fuck-juices.

We try to shave each other every week, and I like it when we do it in the bathroom. I lie down on a rug with my legs splayed, while Gail shaves off my hair. She's done it so often, she's a real expert, but the novelty never wears off!

> "The sight of Gail **sucking** my **cunt-cream** off the **dildo** got me going"
> *Francesca, Nuneaton*

Best of all is when she rinses me clean – I bend over and she plays the shower over my slit and crack, which tingle all over. A few weeks back, she surprised me with a new toy she'd bought – a waterproof vibrating dildo which she slid up my pussy without warning. She used it to fuck me hard, with the showerhead – set to massage – pressed up against my clit. I came in about two minutes flat, and then the sight of Gail sucking my cunt-cream off the dildo really got me going.

Name **Nina**
Home Town **Sheffield**
Age **24**
Marital Status **Engaged**

This is going to sound a bit weird, but I really like my back! Obviously, I don't get to see that much of it, but my boyfriend, who does, reckons it's pretty sexy too. It looks its best right after a holiday. I've got a really pretty little flower design tattoo in the small of it, with really delicate colours which show up great when I've got a nice golden tan.

> "His hot **spunk** splatters over my **back** halfway up to my shoulders"
> *Nina, Sheffield*

Most people don't appreciate how sensitive and sensual a part of the body the back is, but if you think about how good a massage, or even having your back scrubbed in the bath feels, you may start to. I love to sleep with my back to Phil, my boyfriend, feeling the front of his body pressed up against it. He'll nuzzle my neck, and I love waking up to feel his morning hard-on pressed into my back or nudging between my arse cheeks.

> "He **fantasises** about watching another **girl licking** his **spunk** up from my back"
> *Nina, Sheffield*

We've got a favourite little sex ritual. I'll start by kneeling up naked, with my long blonde hair flowing down my back, then I'll move onto all fours, so my hair swishes away.

Phil will then fuck me from behind, stroking my back, and sometimes leaning forward to kiss or lick it, and reaching under me to play with my clit. We have to time things perfectly, which we've got quite good at. When Phil thinks he's going to come, he pulls out and waits for me to get to the brink of orgasm. Then he rests his prick, dripping with my wetness, along the groove between my bum cheeks, and strokes it until he comes, preferably at the same time as I do. It's the most incredible feeling – my pussy pulsating in orgasm as his hot spunk splatters over my back halfway up to my shoulders. Spunk drops look sexy against a tan, too!

Usually, we finish off by cleaning up in the shower, but recently, Phil told me he fantasises about watching another girl licking his spunk up from my back. I'm getting more and more tempted to fix this up for him!

SPECIAL RE-QUEST

As regular readers will know, our *Quest* column is written by different female readers who talk about a certain sex issue. At this point, we usually appeal for other female readers to get in touch, but we have a *Quest* request – stop! We now have so many women correspondents waiting to contribute that our jizz vaults are overflowing. Instead, we need to know what categories you readers would like our girls to talk about. Name your sex subject, whatever it is, and we'll get the girls to talk of their experiences of it. Send your proposals to: Quest Request, Mayfair Magazine, 2 Archer St, London W1V 8JJ.
